

When you need collision repair in Lansing, look no further than Driven Collision for all your vehicle repair needs. Collisions and body damage detract not only from your vehicles presence, but also can be indicative of internal damage to supporting structures. No collision is too small for us to evaluate and repair. Even if you've had what seems like a minor fender bender, bring your vehicle to us to check out. We offer free estimates and our experienced estimators & technicians will tell you exactly what needs to be done. Small collisions can cause unseen damage that will hasten wear and tear on your vehicle. Let us help you get back on the road quickly and safely.

Collision Repair in Lansing

Lansing is a busy and well trafficked area where accidents occur on a daily basis. Don't leave your vehicle's repair up to chance. Driven Collision is equipped to handle all types of body and frame damage with your best interests in mind. Our customers are the happiest and best serviced people in the Lansing area. Your transportation needs our expert evaluation whenever you've been involved in a crash or received other damage to your car.

We offer experienced collision repair in Lansing and work with all makes and models of vehicles & we also with with ALL insurance companies in the area to get you back on the road quickly!

The insurance claim process can be quite daunting and full of concerns that your vehicle won't be repaired properly. We have excellent working relationships with adjusters and insurance companies. The proper repair of your vehicle is our primary concern and we are always working to ensure that your repairs are the right ones for your car or truck.

When To Reach Out To Us

As mentioned earlier, no matter the size of the damage to your vehicle, it's imperative that you have Wink's Body Shop evaluate the extent of the repairs needed.

Minor damage that is not repaired in a timely manner will result in rust and further damage. If there's any internal damage to the frame or engine mounts, for example, the wear on your tires and engine components can be compromised.

Larger and more serious collisions more than often result in frame damage. Wink's Body Shop has state-of-the-art frame straightening units that will bring your vehicle back to it's original settings. Many frame damages are now repairable and you can be assured that your vehicle will be safe and last just as if the collision had never happened.
